## Doggy Flotation Device

The Doggy Flotation Device has been designed to give your dog the most ergonomic and comfortable fit possible. The ultra-buoyancy foam is positioned within the vest to keep your dog in a natural swimming position at all times. Unlike other vests, the Doggy Flotation Device does not hinder your dogs' natural movement and can be easily fastened and removed. Includes ergonomic grab handle and super-strong nylon D-buckle. Handmade.

Available in 5 sizes and 2 colors.

## Autotether Man Overboard System

Wireless lanyard that shuts off your motor within 1 1/2 seconds. Connects directly to the engine ignition kill switch and requires no hard wiring. Protecting the boat operator and up to 3 passengers allowing unrestricted movement about the boat by just wearing a small, wireless sensor. If the operator falls overboard it shuts off the motor and sounds an alarm. If a passenger falls overboard the alarm will sound.

Autotether Wireless Lanyard System	\$ 235.00
Screamer Wireless Alarm System	\$ 235.00
Additional Sensors	\$ 69.00

## Soft-sided Cooler

Our soft-sided coolers are made with the highest quality canvas with a patented removable, easy to clean vinyl liner that's guaranteed never to leak! Our coolers use a closed cell foam insulation that will hold ice for 24 hours in 100 degree heat. Great for the boat, beach, ballgame or any place you want to have a refreshing cold drink. Navy, Royal Blue, Black, Forest green, Camo and Red.
